

Photo Gloss Baryta 320

320 gsm · 100 % α -cellulose · bright white · high-gloss

Product Description

Photo Gloss Baryta is a cellulose paper with an optimised inkjet coating for photo application and perfectly suitable for photo and poster prints. The baryta coating gives the impression of a traditional silver halide photo paper. The smooth, bright white paper with a noble, high-gloss finish produces a very good print quality, ensuring the best results in daily printing. Compatible with pigmented and dye inkjet systems.

Applications

Daily printing, photo & poster prints.

Technical Specifications

	Unit	Valuation	Based on Test Norm / Notes
Test Conditions			23°C / 50% R.H.
